I joined the Academy in September 2023, and we also welcomed a number of senior and middle leaders to the Academy at that time. As we continue to prosper, we look forward to welcoming further outstanding candidates to our brilliant team in 2026/27.

In terms of what drives our school culture, it is based around the simple but powerful belief of **'working hard, being kind and taking responsibility'**. We aim to become a leading school in London as quickly as possible by living out this day-to-day belief and ensuring our students leave with the 'master key' that opens any door for the future progression. We never accept that background determines outcomes, and we work relentlessly to reinforce this with our student community. We also aim to be exceptionally supportive of our fantastic staff body and have a genuine and meaningful approach to staff wellbeing and workload that means they are free to focus on what really matters for the day-to-day student experience.

At our most recent Monitoring Visit in January 2026, the continued improvement to the Academy since September 2023 was recognised and this is testament to the hard work put in by staff and students:

- *Students treat their teachers and each other respectfully because the school's values, 'work hard, be kind and take responsibility' are deeply embedded*
- *Students report that learning is never disrupted by poor behaviour. They speak very positively about the strong and respectful relationships they have with their teachers*
- *Students are very well focused in lessons and are courteous, considerate and polite*

99%

In our most recent staff survey 99% of our staff team agreed with the statement 'I am proud to work at Ark Blake'

From the start of September 2025, we have proudly become a mobile phone free school. This enables our students to fully concentrate in lessons and throughout the school day and allows our teachers to focus on delivering a first class education.

Ark is an education charity that exists to make sure that all children, regardless of their background, have access to a great education and real choices in life.

There are 30,000 students learning in our network of 39 schools. We've always believed that, with the right approach, every child has the potential to succeed. We work in the communities where we can make the biggest difference to children's lives, and all our schools are non-selective.

It works:

Our schools achieve great results – significantly outperforming national averages, especially when it comes to driving progress – the best measure for 'closing the gap'.

We take what we learn in our schools to develop new solutions and approaches that we can share. Over the last two decades, we have developed and incubated more than 20 projects and programmes, supporting them to scale and achieve systemic impact on the life chances of all children. Over 350,000 children currently learn using an Ark curriculum and our Ark Start nurseries are demonstrating a new model for early years education that we hope will become the norm.

76%

Ark is among the top performing trusts at primary. In 2024, 76 percent of pupils achieved the expected standard or above in reading, writing, and maths – surpassing the national average of 61 percent by 15 percentage points.

83%

Eighty-three percent of our sixth form students go to university at 18, compared to 38 percent nationally. Of those progressing to university, six in 10 attend a top third university compared to three in 10 nationally.

At secondary, six in 10 students from a disadvantaged background at Ark achieve GCSEs in Maths and English, compared to just four in 10 nationally
